1. VISAS CABLE SENT TODAY FOR SKLYAROV GROUP.  
2. CHEREMKINA OF SCST TOLD US INFORMALLY THAT DELAY  
IN TRANSMITTING SOVIET PROPOSALS IN FOUR TOPICS IN FIELD  
OF SCIENCE POLICY IS RESULT OF EXTENSIVE REVIEW OF  
SOVIET PROPOSALS THAT WAS UNDERTAKEN ON BASIS OF U.S.  
PROPOSALS ALREADY RECEIVED. ALTHOUGH FILIPPOV  
AND OTHER MATERIAL WAS READY EARLIER, AFTER RECEIVING U.S.  
PROPOSALS SKLYAROV DECIDED NOTHING SHOULD BE SENT UNTIL  
U.S. PROPOSALS HAD BEEN EXAMINED AND TAKEN INTO ACCOUNT  
IN SOVIET PROPOSALS AS NECESSARY. THIS SCENARIO AGAIN  
POINTS UP DESIRABILITY OF ARRANGING SIMULTANEOUS, RE-  
CIPROCAL EXCHANGE OF SUCH DOCUMENTS WHENEVER POSSIBLE  
IN ORDER TO HEAD OFF EXTENDED DELAYS.  
3. CHEREMKINA JUNE 5 TOLD US THAT SOVIET MATERIAL  
WILL PROBABLY BE READY BY JUNE 7. AT SAME TIME,  
SHE ENQUIRED WHETHER PROGRAM OF VISIT OF SKLYAROV  
GROUP HAD BEEN FIRMED UP WITH RESPECT TO SPECIFIC  
ITINERARY AND FACILITY VISITS. (SOME SUGGESTIONS  
FOR SITE VISITS WERE INCLUDED IN SKLYAROV-FUSFELD  
TELEX OF MAY 23.) IF DETAILED PROGRAM OF VISIT IS  
AVAILABLE, WE WOULD APPRECIATE BEING INFORMED BEFORE  
JUNE 7 SO THAT WE MIGHT TRANSMIT PROGRAM TO SCST  
AT SAME TIME WE RECEIVE MATERIAL FOR BECKLER, STOESEL

Dear Mr. Sklyarov,

I was pleased to receive your letter of April 12 and I would like to review some of the points in it in more detail.

First let me recommend an itinerary that will accommodate your several interests. Since you and your delegation will be arriving in New York on June 16, we will make arrangements for visits to laboratories of interest to you in the New York area. These visits will be arranged for June 17 and June 18. The delegation will then go to Washington on June 19 for any discussion you may wish to have there with the U.S. members of the Science Policy Study.

Our two day conference will then take place in Washington on June 20 and June 21. You could plan to travel to California on Saturday, June 22.

Your letter requested visits to both TRW and to Stanford University. As you know, TRW is near Los Angeles while Stanford University is near San Francisco. We can certainly make the arrangements but it would mean additional travel on your part. You could leave California (either Los Angeles or San Francisco) on June 25 at about 4:00 PM and arrive in New York shortly after midnight. This would permit you to leave New York on the evening of June 26 for your flight to the Soviet Union

If you feel that visits to both Los Angeles and San Francisco might be too tiring, we would arrange for visits to both Stanford University and some industrial laboratories in the San Francisco area and omit Los Angeles. However, we will certainly be pleased to try to make the arrangements you request if the extra travelling will not be too much.

The subject matters you suggested for our conference are certainly acceptable. We will, therefore, have four sessions, one for each of the three subjects you had suggested, and then a final session for

STATINTL

Approved For Release 2000/09/06 : CIA-RDP79-00798A000500120003-7

review and consideration of other topics. It is our intention to have speakers from the U.S. present one or two case examples in each of the three subject areas. I assume that members of your delegation will be prepared to do the same. I suggest that the U.S. and the U.S.S.R.'s formal presentations both be relatively short, with each side limited to two examples of about twenty minutes each. This would mean that the formal presentation at each session would last for approximately an hour and a half. There would then be an additional hour and a half for questions and discussion on the subject matter for that session.

The fourth session would summarize the preceding discussion in order to determine which case studies would be most appropriate for inclusion into the work of the Science Policy Study Group. This fourth session would also consider other subject areas that might be of additional interest for your Study Group.

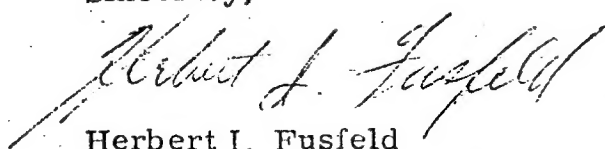

Presumably the results of the two day conference would be to agree on specific case studies, either from those presentations at the conference or from others that may be recommended during the conference, which will be the basis for the work of the subcommittee headed by yourself and Dr. Heffner.

I assume that Mr. Gurkin will be arranging your hotel reservation in New York. If you need any help in reservations anywhere else, either Washington or California, please let us know.

I look forward to seeing you shortly.

Best regards.

Sincerely,

  
Herbert I. Fusfeld

April 22, 1974

Dr. Herbert I. Fusfeld  
Director of Research  
Kennecott Copper Corporation  
161 East 42-nd Street  
New York, N.Y. 10017

Dear Dr. Fusfeld:

I must begin this with regrets for the delay in writing. It took time to agree the topics for the conference with the speakers. We would suggest the topics for presentation as follows:

1. Increasing productivity of R & D
2. Transfer of research from academic institutions to ministries in USSR or from universities to industry in U.S.
3. Transfer of research from laboratories to production

Furthermore we could discuss procedures for coordinating large R & D programs informally. I am planning to lead our delegation of seven members, their names will be provided in the nearest future. As to specific requests we would be interested to visit R & D centers of such companies as Bell Telephone Laboratories, RCA, TRW Systems and Stanford University. I am certain any itinerary you prepare will be most informative and fruitful.

In accord with your suggestion we plan to arrive in New York, Sunday, June 16, 1974 so that we could start our sessions in Washington on June 18. Our visit is scheduled for ten days, till June 26.

I will contact you immediately after all the details of our visit have been clarified

Looking forward to our visit, and to seeing you again.  
With best regards,

Sincerely,

*E. Sklyarov*

SUBJECT: JOINT IRI/SCST CONFERENCE OF RESEARCH MANAGEMENT

REF: MOSCOW 5499

FOR SCICOUNS

1. IRI AGREEABLE TO SUGGESTED JUNE 16-26 DATES FOR SOVDEL VISIT. HOWEVER IRI PROPOSES THAT, WITHIN THIS PERIOD, TWO-DAY JOINT MEETING IN WASHINGTON BE HELD ON JUNE 20-21. REASON IS THAT DR. BRUCE HANNAY, INCOMING IRI PRESIDENT, WOULD WISH TO PARTICIPATE BUT IS OTHERWISE COMMITTED ON EARLIER DATES SUGGESTED. PLEASE ADVISE SOONEST.

2. DETAILS CONCERNING ITINERARY WILL BE PROVIDED LATER. GENERAL PLAN INVOLVES VISITS TO EAST COAST FACILITIES, THEN WASHINGTON MEETING, FOLLOWED BY VISITS ON WEST COAST.

3. SINCE VISIT IS UNDER AUSPICES OF SCIENCE POLICY WORKING GROUP (HEFFNER PROJECT) OF S&T AGREEMENT, OUR UNDERSTANDING IS THAT IT WILL BE CARRIED OUT ON "SENDING SIDE PAYS" BASIS. PLEASE CONFIRM. KISSINGER
